

Our expert understanding of B-BBEE socio-economic development requirements across both generic and all sectoral B-BBEE dispensations allow us to optimise your Corporate Social Investment programme to achieve the desired alignment with your company values, business strategy and B-BBEE scoring outcomes, while providing a meaningful impact to beneficiaries.

Our Vision

To help shape organizations to contribute to a prosperous society. By facilitating social investment and development in South Africa in a responsible manner, we provide opportunities for historically disadvantaged individuals, as well as real social impact.

Our Approach

We offer an extensive range of diligently vetted socio-economic development beneficiaries which can be supported through our programmes. We can also tailor an approach specific to client needs for larger programmes.

Benefits

- Structured SED planning
- Accurate and timeous SED project roll-out
- Total transparency and communication
- Peace of mind of correct and effective SED spend
- Maximising of BEE scorecard effectiveness
- Alignment to business strategy and values

“Creating Impact at Scale”
