

Our expert understanding of B-BBEE skills development requirements across both generic and all sectoral B-BBEE dispensations allows us to optimise your skills training expenditure to achieve the desired B-BBEE scoring outcomes, while providing a meaningful learning experience to beneficiaries.

“The power of education extends beyond the development of skills we need for economic success. It can contribute to nation-building and reconciliation.” - Nelson Mandela

Our Vision

To help shape organisations to contribute to a prosperous society. By facilitating Skills Development in South Africa in a responsible manner, we provide opportunities for historically disadvantaged individuals to access innovative and accredited training, as well as real practical experience. We do this in a way that is extremely cost-effective from the sponsor’s perspective.

Client

Financial sector entities that want to develop sector-specific skills, while optimising their skills development points on the B-BBEE scorecard in a tax efficient manner that delivers social impact.
